

Renton PTSA Council – REFLECTIONS

2011-2012 Theme: “Diversity means...”

OPTION A, B or C

[Chairperson: Use this page to determine # entries to Renton PTSA council]

How to determine the number of entries you can deliver to Renton PTSA Council

The purpose of the Renton PTSA Council Reflections judging on December 8 is to determine which entries we will be forwarding to the Washington State PTA. Through your school’s judging process, the entries you send to the Renton PTSA Council should be of selective quality and follow the rules outlined by WA State PTA. Reflections submissions that do not meet the qualifications outlined by WA State PTA will be disqualified at the Renton PTSA Council level.

You may choose one of three options below for turning in your Reflections entries to the Renton PTSA Council. This system promotes a high quality / low quantity strategy. It is designed to provide flexibility and fairness to all PTAs, ensuring that schools with unusually high or low participation are not penalized. The Renton PTSA Council must limit the number of entries it accepts so that district level judges have ample time to fairly compare the merits of each of the entries received at this second level of competition.

SELECT OPTION A, B, or C

Option A **Winners by Grade:** If your entries are judged *by grade*, please submit first place winners in each category, without substitutions, plus 6 extra entries.

Option B **Winners by Division:** If your entries are judged *by division*, please submit first, second, and third place winners, without substitutions, plus 6 extra entries.

Option C **Percentage of Total Entries:** For maximum flexibility, you can *send 25%* of the total entries, up to a maximum of 40 entries.

Note: No more than 50% of your school’s total entries may be judged at the Renton PTSA Council under any of the above options. Units with fewer than 10 entries may be granted an exception at council’s discretion.

If you need help in determining which option is best for your PTA, please contact:
